Frequently Asked Questions

My child can't swim — is that OK?

Absolutely! We group children by ability and our lifeguard assesses every child before their first swim. Non-swimmers stay in the shallow end with extra support.

What if my child doesn't want to swim?

No problem — swimming is optional and no child is ever pressured. They can watch, sit poolside, or join a land activity instead.

How do I book swimming?

Log into iPal and look for the blue "Camp Extras" tile. Swimming is just £5 per session and covers the lifeguard and pool hire.

Can I get a refund if the session is cancelled?

Yes — if a session is cancelled due to weather or safety concerns, a full credit is applied to your account automatically.
